* International visitation by city is based on the Global City Travel (GCT) database maintained by Tourism Economics. GCT tracks overnight visits by international visitors to 300 global cities. The data is tracked by country of origin on an annual basis, including historical and forecast years. The data shown here for the country is taken from the Global Travel Service (GTS) database, also maintained by Tourism Economics. This reflects international visitation by origin market, including historical and forecast years.

Auckland Tourism – Spend Data

\$1.16b in International tourism spend for year-end October 2024, up 8.1%

- Tourism Electronic Card Transactions (TECTs) restarted as an interim replacement to the Monthly Regional Tourism Estimates (MRTEs) in April 2024.
- As a result of a different methodology, the TECT figures are substantially smaller than those of the previous MRTEs, so the two series should not be compared. More information on (TECTs) can be found [here](#).
- Due to limitations of the new data collection method, domestic and international market totals should not be added together and should be used separately. Additionally, only data dating back to January 2022 has been used for this purpose.
- In the year to October 2024, domestic tourism spend in Auckland was \$2.37b, down 5.2% on last year.
- International spend was \$1.16b, up 8.1% for the year.

A scenic view of a coastline with two people standing on a grassy hill overlooking the ocean. The sky is blue with a faint rainbow. The landscape features rugged cliffs, a sandy beach, and waves crashing against the shore. Two people, one in a red jacket and one in a grey jacket, are standing on a grassy slope in the foreground, looking out at the sea. The ocean is a deep blue with white foam from the waves. The sky is a clear, bright blue with a faint rainbow visible in the upper left. The overall scene is a beautiful coastal landscape.
